The Group's annual financial report includes, in particular:

- The management report ;
- The corporate governance report;
- The declaration of extra-financial performance;
- The Group's consolidated financial statements;
- Company annual financial statements;
- Statutory auditors' reports.

The annual financial report can be consulted [on the Group's website](#), in the Documentation/Financial Reports section.

About the ICAPE Group

Founded in 1999, the ICAPE Group acts as a key technological expert in the PCB and technical parts supply chain. With a global network of 35 subsidiaries and a major presence in China, where most of the world's PCB production is done, the Group is a one-stop-shop provider for the products and services which are essentials for customers. As of December 31, 2023, the ICAPE Group recorded a consolidated revenue of €179.5 million.
